

The **FOCAL Initiative: Fellows Online COVID-19 AAHKS Learning**, is for surgeons in training (specifically fellowships, but some senior residents may join as well). It is spearheaded by William Hamilton, MD.

AAHKS recognizes that most elective surgeries have been postponed and that quarantines have been implemented. The effect of the COVID-19 pandemic may significantly impair the fellowship learning experience this year. It is our hope that, by providing this online content, fellows will be able to make the most out of this unusual time and supplement their fellowship curriculum.

So far, we have 36 volunteer faculty members from 25 different institutions and 133 interested fellows.

Here is this week's online learning schedule. A Zoom link will be sent out on the day prior to each session. **The Zoom link for Day 1 (March 31) is below.** Please email Natalie Loper (nloper@aahks.org) if you have any questions.
